Table 5 - Credits contributing to achieving the merit-based requirements

<p>Credits from laboratories, extracurricular internships and training activities, including any credits earned from integrated module exams.</p>	<p>The final count of such credits must be separately indicated in the application in addition to the exam-based credits.</p> <p>These credits must be certified by the university secretariat, and the certificate must be compulsorily attached to the application within the second phase.</p>
<p>Credits from internships.</p>	<p>Credits partially obtained in the academic year 2022/2023 calculated as at August 10, 2023, will not be accepted unless the final exam is passed by October 31, 2023, except for cases in which the final exam could not be taken for reasons attributable to the University. In that case, the student must take and pass the final exam during the first available exam session.</p> <p>The certificate ascertaining that a student has passed the final exam must be notified by opening a ticket in the student's personal account.</p> <p>If a student fails to pass the final exam, all credits from the internship will become null. In such a case, the student must inform the competent local branch office in a timely manner to avoid any of the sanctions provided for false statements.</p>
<p>Credits from qualifying examinations (idoneità).</p>	<p>These credits must be exclusively included in the exams-based count and must not be certified or otherwise documented.</p>
